

PASSPORT INFORMATION

Transfer of Ownership and Overstamping

Is your passport legal? Are you eligible for our competitions? Information you need to know!
If you have purchased a horse from Ireland or within the UK you **MUST** do the Transfer of Ownership.
This is a legal requirement under the Horse Passport Regulations and should be done within 30 days of purchase.

◆ For horses purchased from Ireland:

These probably have a green passport issued by Horse Sport Ireland (HSI) similar to the examples on the right:

These passports will have to be returned to HSI for them to complete the Transfer of Ownership process as HSI are the Passport Issuing Organisation (PIO). This will then record you as the legal owner of the horse.

Visit the HSI website: www.horsesportireland.ie to print off their Transfer of Ownership form, complete and send it back to them with your passport and appropriate fee.

◆ For horses purchased from the UK:

These should have a passport like the one on the right if they are already registered with IDHS (GB).

If the passport does not state you are the owner, you will need to visit our website: www.idhsqb.org.uk to print off the Transfer of Ownership form, complete and send it to our Passport Administrator with your passport and appropriate fee.

◆ Overstamps:

To compete in many of our competitions i.e. virtual dressage and all the Irish Draught classes at shows affiliated to the Society, you need to ensure that your horse is registered with IDHS (GB).

If it does not already have an IDHS (GB) passport, or have an 'overstamp' as shown in the example on the right, you will need to send the passport to our Passport Administrator for overstamping.

A horse purchased in Ireland will probably not be registered with IDHS (GB) so you will need to do this.

Our website has all the forms you need to complete and send your passport and appropriate fee to our Passport Administrator

Any queries, please contact our Passport Administrator:
