

Application for the Irish Draught Horse Society (GB) Stallion Inspections

on Thursday 1 and Friday 2 September 2022 at Warwickshire Agricultural College, Moreton Morrell.

Closing date for all completed applications, x-rays and fees: 15 June 2022

<p>This application form is for Irish Draught stallions that were born before 1 January 2020 (three years and older) and are eligible for classification in the Irish Draught Studbook and IDHS (GB) Breed Register. Please use the separate form for Sport Horse stallions, downloadable at www.idhsqb.org.uk</p> <p>Before completing this application form, please read the Conditions of Inspection carefully. Full guidance notes are available on our website at www.idhsqb.org.uk</p> <p>The set of 16 stallion radiographs required is also available from our web site (on the pre-inspection veterinary report form) and from the inspection administration team at inspections@idhsqb.org.uk</p>	<p>OFFICE USE ONLY:</p> <p>Date received: Checks completed by:</p>	
<p>Veterinary examinations:</p> <p>Amnesty stallions: Owners of colts or stallions with uninspected parent(s) are strongly advised to wait until the outcome of the Irish Horse Board's planned Inspection Amnesty review before embarking on veterinary/x-ray examinations. Please contact the inspection team on the above email address, and we will keep you updated.</p> <p>Stallions residing in Great Britain: Please download the pre-inspection veterinary examination form, with the list of radiographs required, from www.idhsqb.org.uk The pre-inspection veterinary examination should be completed by a vet of your choice who sees equines as part of their usual practice, and who has suitable x-ray equipment. Please see the guidance notes for more details.</p> <p>Stallions normally residing in Ireland whose owners wish to send them to Great Britain for our inspections may have their veterinary examination at an HSI Designated Clinic. Please see the HSI website at www.horsesportireland.ie for details of the nominated clinics. Radiographs should be emailed to our inspection management team at inspections@idhsqb.org.uk for examination by our radiograph panel. Please see the guidance notes for more details.</p> <p>Please note that owners should not have X-rays taken earlier than <u>six months</u> before the date of the inspection, i.e. not until on or after 1 March 2022 for our inspections in September. This rule does not apply to stallions being re-presented for inspection, whose x-rays were accepted at the time of their first application. These stallions require a further pre-inspection vetting and endoscopy before being presented again, but do not need further x-rays.</p> <p>All stallions will be required to have clean health certificates for CEM, EVA and EIA, which can be done any time after 1 January 2022 for the current covering season. In addition, all stallions coming forward for inspection must be tested to ensure they are not carriers for Warmblood Fragile Foal Syndrome (WFFS). This is a one-off genetic test from a hair sample.</p> <p>At the inspection centre, all colts and stallions will be photographed, identified, measured. They may be subject to blood and/or urine testing, at the discretion of the Veterinary Advisor. All will have as a minimum, a soundness trot up and British stallions will receive a full veterinary examination on the day.</p>		
APPLICANT INFORMATION		
NAME:		
ADDRESS:		
Phone:	Mobile:	Email:
STALLION INFORMATION		
Registered name:		
Registration No.:	UELN:	Year of birth:
SIRE:	DAM:	DAM'S SIRE:
Has the stallion previously been classified in any studbook other than the Irish Draught Studbook in Great Britain or Ireland?		

If so, in which studbook is he classified, and if inspected, what was the outcome?		
Performance history: Please attach relevant documents to support the stallion's performance history, or that of his progeny.		
At the inspections, I wish my stallion to complete his Stage 1 Athleticism assessment by means of:		
loose demonstration <input type="checkbox"/> or under saddle <input type="checkbox"/> (please tick one option).		
Please note that three-year-old colts <u>must</u> be assessed by loose demonstration.		
OWNER/STUD INFORMATION		
Name of registered owner:		
Address:

Is the stallion leased?	If leased, name of lessee:	When does the lease expire?
Name and address of the stud where the stallion will stand for the current breeding season:		
Contact person:	Phone number:	Mobile number:
Website address:	Email address:	Highest advertised stud fee for 2022:
Natural service: (tick if available)	A.I. / Chilled semen:	A.I. / Frozen semen:

OPTIONAL ATHLETICISM ASSESSMENT FOR ADDITIONAL MERITS

The owners of stallions that are **four years old and older and meet the requirements to be classified as Class 1** can opt to have their stallion's athleticism assessed by jumping the stallion over a course of fences at 1.00m level under saddle for an additional merit. Stallions that achieve an above average score of 70% or over at the athleticism assessment will be awarded a bronze merit for their own performance in the discipline of show jumping.

I wish to have the above-mentioned stallion's athleticism assessed by jumping under saddle for an additional merit: YES / NO

Signature:Date:

Please note that Irish Draught stallions that are classified as Class 1 can also obtain a bronze merit in show jumping in open competition (two double clear rounds at 1.00m, in specified classes). Please see our Merit Award information on our website at www.idhsgb.org.uk for details.

VETERINARY DECLARATIONS TO BE COMPLETED BY OWNER/AGENT

Hobday	√ Please tick √		
Has the stallion, which is the subject of this application, had an operation or procedure in relation to wind problems? If not, please sign below:	<table border="1"> <tr> <td>Yes</td> <td>No</td> </tr> </table>	Yes	No
Yes	No		
I hereby guarantee that the stallion, which is the subject of this application, has had no operation in relation to wind problems in his lifetime.			
Signature:Date:			

Please give a full disclosure in relation to any injury suffered by the animal and treatments received for such injuries:

Signature:Date:

Please give details of any surgeries or operations the stallion has undergone and the reasons for such operations or procedures (failure to give full disclosure may result in reclassification or removal of the stallion from the Studbook):

Signature:Date:

VETERINARY EXAMINATION OF THE STALLION

I will submit the Pre-Inspection Veterinary Report including clinical examination, endoscopic examination, a set of x-rays and blood and swabbing test results for EVA, EIA and CEM as part of this application and at my own expense.

I will arrange for my stallion to undergo testing for Warmblood Fragile Foal Syndrome (WFFS) at my own expense and will submit the results to the inspection administration team.

I note that the stallion will undergo a full veterinary examination at Warwickshire College on Thursday 1 or Friday 2 September 2022.

Signature.....Date.....

FURTHER DECLARATIONS TO BE COMPLETED BY THE OWNER OR AGENT

I hereby warrant, represent and agree as follows:

1. The foregoing particulars are true and accurate in every respect. In the event of any particulars becoming inaccurate updated revised particulars will be furnished immediately in writing to the IDHS (GB).
2. I am not aware of any matter or circumstance that might affect or be relevant to the inspection or classification of the above named stallion that I have not disclosed in writing to the IDHS (GB).
3. Any photographs or other proprietary materials that may be furnished by me with the application are solely owned by me (or where I apply as agent, by the owner(s)) and no third party consent or authority is required for the use thereof by the IDHS (GB) or Horse Sport Ireland (HSI).
4. The above named stallion is and will, when presented for inspection, be in a fit state to be handled (and in particular by IDHS (GB) appointed vets) and is or will be sufficiently trained.
5. I agree to indemnify the IDHS (GB) and HSI on demand in full against any loss, claim or damage arising in the event of any breach of the foregoing warranties or any of them.

I hereby confirm, agree and acknowledge as follows:

6. The IDHS (GB) is hereby irrevocably authorised to hold the inspection in public and to publish or make available for public inspection and in such a manner as it may deem fit, whether in IDHS (GB) publications, Irish Draught Horse Studbook/Horse Sport Ireland publications, websites or otherwise the classification, inspection results and the results of the veterinary examination of the above-named stallion and any other information furnished above or pursuant to this application, without being under any obligation to do so.
7. I have read the "Conditions of Irish Draught Horse Stallion Inspections", "Appeals Procedures", "Classification of Irish Draught Horse Stallions Following Inspections" and "Conditions of Stallion Classifications" and the general rules of the IDHS (GB) and IHR incorporating the Irish Draught Horse Studbook and agree to accept and abide by them and any amendments that may be made by the IDHS (GB) or HSI thereto from time to time.
8. Without prejudice to the generality of the foregoing I agree to be bound by the "Appeals Procedures" referred to above in the event of any dispute arising in relation to this application or any inspection or classification pursuant thereto.
9. I authorise the IDHS (GB) to procure a DNA profile for my horse (as identified above) for identification and administration purposes within the IDHS (GB) Studbook and the Irish Horse Register (IHR).
10. I understand that the IDHS (GB) will store the DNA profile within the reference database (that is Weatherby's Scientific) on behalf of the Irish Draught Horse Studbook).
11. If requested, I will provide the IDHS (GB) with the required sample (blood or hair) from the horse in accordance with IDHS (GB) administration, stallion selection protocols and reference database systems.
12. I understand that the IDHS (GB) and HSI may use the DNA profile and/or sample for bona fide studbook administration and breed improvement purposes associated with the IHR studbooks.
13. In the event of the stallion being sold or otherwise disposed of to procure that the purchaser/acquirer is bound by the terms hereof insofar as any obligation herein is continuing or un-discharged.
14. In the case of multiple owners each of the above warranties, representations and agreements are deemed to be made by or on behalf of each owner on a joint and several basis.
15. UK General Data Protection Regulation: I consent to my name and the county where I live being sent to Horse Sport Ireland so that my horse's inspection results can be recorded on their database. I consent to my name being published in the IDHS (GB)'s publications and on the web site, alongside my horse's results. I consent to any photographs taken during the inspection being used in publicity material. I understand that my personal data will be processed in line with the Society's Privacy Policy.

CONDITIONS OF IRISH DRAUGHT HORSE STALLION INSPECTIONS

1. Applications for inspection should be returned before the closing date (15 June 2022) and must contain the following:
 - Completed and signed 'Application for Irish Draught Horse Studbook Stallion Inspections 2022' and accompanying documentation as necessary; (an expression of interest form or email is not an application)
 - For animals where there is no evidence of DNA parentage testing, a certificate confirming that the stallion has had his DNA profile recorded at Weatherbys DNA Laboratory. For most British-bred stallions, this information will already be on our database and they will not need a new certificate.
 - The appropriate application fee of £400 inc. VAT (£330 for re inspections). This MUST be paid online through the website at www.idhsqb.org.uk or sent with your application form.
 - 'IDHS (GB)/HSI Pre-Inspection Veterinary Screening Examination of Stallions' completed in full and signed and stamped by a qualified veterinary surgeon who treats equines as part of their normal practice;
 - A set of x-rays completed to the specification defined in the Pre-Selection Veterinary Screening form and taken by a veterinary surgeon who is either on the Horse Sport Ireland Stallion X-Ray Panel, or (in Great Britain only) a veterinary surgeon regularly treating equines in his or her normal work. These are to be emailed in JPEG format to the Inspection Administration team at inspections@idhsqb.org.uk on or before the closing date. Please do not send disks or zip files as these are problematic for some members of the panel and administration team.
 - A certificate confirming that the stallion has been tested for Equine Viral Arteritis (EVA),
 - A certificate confirming that the stallion has been tested for Equine Infectious Anaemia (EIA),
 - A certificate confirming that the stallion has been tested (this must be done after 1 January 2022) for Contagious Equine Metritis (CEM)
 - A certificate confirming that the stallion has been tested for Warmblood Fragile Foal Syndrome and is not a carrier.
2. Class 1 inspection: Irish Draught Horse stallions must be registered in the Main Section of the Irish Draught Horse Studbook in Ireland, Canada, the United States of America (referred to as 'the harmonised studbooks') or in the IDHS (GB) Breed Register and be sired by a stallion that is classified as Class 1, RID, or Class 2 and be out of a dam that is classified as Class 1, RID, Class 2, Grade-Up (or AID) in the Irish Draught Horse Studbook or any of the harmonised studbooks.
3. **Class 1 Inspection (Amnesty):** UNDER REVIEW. As of 19 March 2022, there are no immediate plans to extend the Inspection Amnesty, which ended in 2021. This matter will be reviewed in Ireland and we will keep owners updated. If (and only if) the Amnesty is extended, stallions registered in the Main Section of the Irish Draught Horse Studbook in Ireland, Canada, the United States of America (the harmonised studbooks) or in the IDHS (GB) Breed Register and sired by a stallion that is classified as 'Class 4/uninspected' and / or out of a dam that is classified as 'Class 4/uninspected' in the Irish Draught Horse Studbook will be eligible for inspection.

If your colt or stallion is affected by this rule, please submit your application with the fee before 15 June 2022 so that we are aware of your situation, but DO NOT have your pre-inspection vetting or x-rays done until your colt's eligibility has been confirmed to you.

4. The progeny of Class 3 Irish Draught Horse stallions and the progeny of Class 3 Irish Draught Horse mares are not eligible for inspection.
5. All colts and stallions must have been born before 1 January 2020; i.e. they must be at least three years of age.
6. All stallions must be named. They must also be correctly transferred to the owner's name before the application is submitted. This work is carried out by the IDHS GB Passport office if the horse is resident in Great Britain. Application forms are available on our website at www.idhs.gb.org.uk
7. Stallions must be accompanied by an up-to-date passport. Owners of stallions without an adult passport must obtain an adult passport from the IDHS (GB) if the horse is resident in Great Britain. Application forms are available on our website at www.idhs.gb.org.uk
8. Stallion passports which are issued by a studbook authority other than the IDHS (GB) or Horse Sport Ireland must contain up-to-date markings and written descriptions corresponding to the stallion presented. All passports issued by other PIOs must be over-stamped (endorsed) by the IDHS (GB) prior to application. Application forms are available on our website at www.idhs.gb.org.uk
9. Stallions must be adequately trained and fit to take part in all aspects of the inspection including the lungeing phase of the vetting and the loose jumping phase of the inspection. Full details of the inspection are outlined in the Guidance Notes.
10. Stallions must be fit to be handled at the inspection, including handling by veterinary surgeons appointed by the IDHS (GB). The IDHS (GB) reserves the right to terminate any inspection for health and/or safety reasons.
11. Stallion owners must have all the necessary equipment (i.e. tack, lunge whips, lunge lines, etc.) at the inspection. For all ridden elements of these inspections, riders must wear appropriate competition riding attire.
12. All stallions will be measured at the inspection and these measurements shall be regarded as official measurements for the purpose of stallion classification. The measurements will be published after the inspection, along with the results.
13. Where the veterinary examination of a stallion is not completed to the satisfaction of the veterinary surgeons, it will be classified in the Irish Horse Register/IDHS GB database as a stallion which has not passed the veterinary examination. Stallions which have been classified under a previous application may be downgraded if the selection and veterinary examination procedures are not completed under the current application.
14. All stallions will be photographed at the inspection and these photographs may be used in IDHS (GB)/Irish Draught Horse/Horse Sport Ireland and any other harmonised studbook publications and websites. Stallions that are not photographed at the selection day may be deemed not to have completed the selection process and HSI/the IDHS GB reserves the right not to classify these stallions.
15. It is intended to publicly announce the provisional results of the stallion inspection and the veterinary examination on the day of inspection. The results are sent to Horse Sport Ireland. Confirmed results will subsequently be published in IDHS (GB) and HSI Irish Draught Horse/Horse Sport Ireland publications. Bar charts and reports for stallions will be sent to owners within four weeks of the inspection date.
16. Substances that are listed on the FEI 'Equine Prohibited Substances List' (see www.feicleansport.org) are prohibited during the stallion inspection process. Blood samples may be taken on the day of inspection and may be subject to screening for substances listed on the FEI 'Equine Prohibited Substances List' (see www.feicleansport.org). Blood and/or urine samples may also be stored and used for the purpose of research.
17. The IDHS GB reserves the right to terminate any inspection for health and/or safety reasons.

Failure to satisfy the above conditions will result in a stallion being disqualified from inspection/classification.

SECOND INSPECTIONS/APPEALS/VETERINARY APPEALS

Second Inspection /Appeal:

Owners will be given the opportunity to re-present the stallion on one occasion for a second inspection at the next scheduled inspection date. The appropriate application form must be completed and returned, with the application fee, to the IDHS (GB). Endoscope examination and vetting must be repeated, but x-rays can be carried forward from the first inspection.

Owners that do not wish to re-present the stallion for a second inspection and owners who are not satisfied with the results of the second inspection can make a formal appeal to the IDHS (GB) under the studbook rules. Appeals will be held at the next available inspection date, with an alternate inspection panel and will incur a fee to cover the full costs of staging an appeal.

If owners choose to appeal the result of the first inspection, they are subsequently not allowed to apply for a second scheduled inspection.

The result of the Stallion Inspection Appeal shall be final.

Veterinary examination appeals:

For animals which fail the clinical veterinary examination on the day of the inspection, there is provision for an appeal to be made. The conditions of the appeal procedure are as follows:

- The IDHS (GB) will notify, in writing, the owner of the stallion of the reason why the stallion failed the clinical veterinary examination within two weeks of the inspection.
- The owner of the stallion may, within 28 days of the notification, apply to the IDHS (GB) to have a clinical veterinary re-examination carried out by a clinical veterinary re-examination carried out by an equine specialist in the relevant field.
- The equine specialist to be consulted must be agreed with the IDHS (GB).
- The re-examination will only be carried out in respect of the condition for which the stallion was failed on the inspection day.
- The IDHS GB must be notified in advance of the date of the additional veterinary examination.
- The full cost of the re-examination must be borne by the owner of the stallion.
- The decision of the appointed specialist shall be final.

Appeal of Veterinary Examination Result:

Applicants whose stallions do not meet the veterinary requirements at the Stallion Classification Veterinary Examination carried out at the Stallion Inspections at the inspection centre can appeal the results of the examination, provided that they apply to the IDHS (GB) to have a clinical veterinary re-examination carried out by an equine specialist in the relevant field. The equine specialist to be consulted must be agreed with the IDHS (GB).

The owner is responsible for all of the costs associated with this examination.

The second examination should normally be carried out within 28 days of the original examination results being communicated to the owner.

The re-examination will only be carried out in respect of the condition for which the stallion was failed at the initial selection.

The decision of the Appeals Panel shall be final.

Appeal of X-Rays Examination Result:

Owners of stallions that do not meet the radiograph requirements, following the examination of radiographs by the IDHS (GB) radiography veterinary panel, may appeal the findings of the examination. The conditions of the appeal are as follows:

- The owner of the stallion must apply to the Inspection Management Team at inspections@idhsqb.org.uk to appeal the findings of the radiographic examination, within 28 days of the date of the inspection outcome letter;
- The appeal will involve the examination of the original radiographs by the Appeals Panel in the School of Agriculture, Food Science and Veterinary Medicine, University College Dublin Veterinary Hospital. If deemed necessary by the Appeals Panel, a new set of radiographs may be taken at a veterinary practice agreed with Horse Sport Ireland and the IDHS (GB) Veterinary Advisor;
- The full costs of the re-examination must be borne by the owner of the stallion;
- The decision of the Appeals Panel shall be final.

CONDITIONS OF STALLION CLASSIFICATION

1. The IDHS (GB) is authorised to procure a DNA profile for my horse (as identified above) for identification and administration purposes within the Breed Register and the Irish Horse Register (IHR). I understand that the Society will store the DNA profile within the reference database (Weatherbys Scientific in Ireland) on behalf of the Irish Draught Horse Studbook. I will provide the Society with the required sample (blood or hair) from the horse in accordance with IDHS (GB) administration, stallion selection protocols and reference database systems. I understand that the IDHS (GB) or HSI may use the DNA profile and/or sample for bona fide studbook administration and breed improvement purposes associated with the IHR studbooks.
2. The Society Administrator, Carol Malin, will supply covering certificates on request and on payment of £4 per certificate, to stallion owners/custodians each year. Stallion owners/custodians are obliged to:
 - Maintain up-to-date and complete covering records;
 - Submit the certificates provided for all mares covered by the stallion by 1st October in the year of covering;

- Submit copies of the certificates to the IDHS (GB) on demand.
3. The stallion owner must permit the IDHS (GB) to take blood samples on request. Horse Sport Ireland may change the rules from time to time with regard to the testing of various conditions and diseases.
 4. Stallion owners/custodians must notify the IDHS (GB) of the death of the stallion by returning the passport to the passport administration OFFICE for invalidation, as required by legislation. The passport can be returned to the owner on request.
 5. Stallion owners/custodians should inform the IDHS (GB) if the health or general condition of the stallion deteriorates to the extent that the stallion is unfit or unsuitable for breeding.
 6. Failure to satisfy the above conditions may result in a stallion's classification in the IDHS (GB) Breed Register/Irish Draught Horse Studbook being revoked.

CLASSIFICATION IN THE IDHS (GB) AND IRISH DRAUGHT HORSE STUDBOOK FOLLOWING INSPECTION

CLASS 1

This class is for inspected horses that meet the pedigree, veterinary and breed standard requirements of the Irish Draught Horse Society (GB) Breed Register and hence, the Irish Draught Horse Main Studbook.

CLASS 2

This class is for inspected horses that meet the pedigree and veterinary requirements of the IDHS (GB) Breed Register/Irish Draught Horse Main Studbook, but which have not met the inspection criteria for Class 1.

CLASS 3

This class is for horses that fail their inspection day or pre-inspection veterinary examinations and are not recommended for breeding.

CLASS 4/ UNINSPECTED

For all foals at registration and other uninspected purebred stock of any age. Their classification changes to Class 1, 2 or 3 following vetting and inspection.

Class 4/Uninspected animals over the age of three years may not be shown in hand at IDHS (GB) affiliated shows.

In Great Britain, the progeny of Class 3 and Class 4 animals may not be shown in hand at our affiliated shows.

HOW TO APPLY:

By 15 June 2022, owners must submit:

- This application form and any performance data for your stallion
- The full inspection fee (please see table below)
- The pre-inspection veterinary report form, signed and stamped on every page by your vet
- X-rays (not until 1 March onwards) as specified in the pre-inspection veterinary report, submitted by your vet, in JPEG format please (horses coming forward for re-inspection that have submitted acceptable radiographs to the Society (or in Ireland) in a previous year do not need to be x-rayed again).
- Health certificates for CEM, EIA and EVA
- Confirmation that your horse has been tested for, and is not a carrier of, the condition Warmblood Fragile Foal Syndrome (WFFS)
- Your stabling request form

Please make sure that your stallion's vaccinations are up to date and recorded in his passport, which you must bring with you on the day.

If a veterinary problem is identified during our panel's examination of the x-rays, and this is serious enough to prevent your horse from coming forward, £300 of your inspection fee (i.e. the fee minus £100 for reading the x-rays) will be refunded to you.

Due to the significant professional and administrative tasks associated with the inspections, applications received after 15 June 2022 will not be accepted.

Please do not send in incomplete applications. These will be returned to you.

If you have any questions, please contact inspections@idhs.gb.org.uk

WHERE TO SEND THIS APPLICATION:

IDHS (GB) Inspection Administration Manager, Middle Munty Farm, Churchstanton, Taunton, Somerset, TA3 7RH. Tel. 01823 601625.

INSPECTION FEES FOR 2022

Rates include VAT @ 20%

The only price increase this year is highlighted. Stallion inspection fees have increased by £10 to reflect increases in the cost of having radiographs read by the panel.

Irish Draught colts and stallions – assessment for Class 1	£400	The fee includes inspection, vetting on the day and evaluation of x-rays, plus updating the passport with the outcome. It does not include the pre-inspection veterinary examination, endoscopy, x-rays, health swabs or blood tests (CEM, EVA, EIA). It does not include the genetic testing for WFFS.
Re-assessment of Class 2 stallions (New X-rays not required)	£330	The fee includes inspection, vetting on the day and updating the passport with the outcome. It does not include the pre-inspection veterinary examination, endoscopy, health swabs or blood tests (CEM, EVA, EIA). It does not include the genetic testing for WFFS.
Irish Draught Sport Horse Colts and Stallions – assessment to be an Irish Draught Sport Horse stallion	£330	The fee includes inspection and trot-up veterinary assessment on the day, plus updating the passport with the outcome. It does not include the five-stage veterinary examination prior to the inspection, health swabs or blood tests (CEM, EVA, EIA). It does not include the genetic testing for WFFS.

Passport and membership information

Please make sure that before you submit your application for inspection, the stallion has been named on his passport, that the passport is in your ownership, and if the passport was issued by Horse Sport Ireland, that it has been over stamped by the IDHS (GB). This will require you to send your passport to Ireland, so **please allow plenty of time** for this. There have been substantial postal and customs issues recently.

Please also make sure that your **membership** is up to date. If not, please see our website for membership information and online payment.

Please direct registration enquiries and send IDHS (GB) passports, registration applications/transfer/over-stamps for GB- registered horses to:

Irish Draught passports, Holme House, Dale, Ainstable, Carlisle CA4 9RH

Tel. 01768 870 523. Email address: passports@idhs.gb.org.uk

Office hours are Monday-Friday 09.00 – 17.00 hrs.
