

Application to have an Irish Draught colt or stallion inspected in 2024

Venue: Onley Grounds, Willoughby, Rugby, Warwickshire CV23 8AJ

Please note that mare inspections will also run on both of these dates. Early application is advised.

Inspection date	Closing date for applications, x-rays, vet. reports and fees	Please tick to select:
Wednesday 10 April 2024	10 February 2024	
Friday 6 September 2024	15 May 2024	

This application form is for Irish Draught stallions that were born before 1 January 2022 (three years and older) and are eligible for classification in the Irish Draught Studbook. Please use the separate forms for Sport Horse stallions and for mares, downloadable from our website at www.idhsqb.org.uk . Before completing this application form, please read the Conditions of Inspection carefully. The list of 16 stallion radiographs required is available on the pre-inspection veterinary report form. All documents can be downloaded from our website at www.idhsqb.org.uk or emailed to you on request by the Inspection Management Team at inspections@idhsqb.org.uk . OPTIONAL ATHLETICISM ASSESSMENT FOR ADDITIONAL MERITS

The owners of stallions that are **four years old and older and meet the requirements to be classified as Class 1** can opt to have their stallion's athleticism assessed by jumping the stallion over a course of fences at 1.00m level under saddle for an additional merit. Stallions that achieve an above average score of 70% or over at the athleticism assessment will be awarded a bronze merit for their own performance in the discipline of show jumping. *An additional fee will apply if jumping under saddle, to cover the costs of hiring jumps and extra arena space.*

I wish to have the above-mentioned stallion's athleticism assessed by jumping under saddle for an additional merit: YES / NO

Signature:Date:

Please note that Irish Draught stallions that are classified as Class 1 can also obtain a bronze merit in show jumping in open competition (two double clear rounds at 1.00m, in specified classes). Please see our Merit Award information on our website at www.idhsgb.org.uk for details.

VETERINARY DECLARATIONS TO BE COMPLETED BY OWNER/AGENT

Hobday √ *Please tick* √

Has the stallion, which is the subject of this application, had an operation or procedure in relation to wind problems? If not, please sign below:

Yes	No
-----	----

I hereby guarantee that the stallion, which is the subject of this application, has had no operation in relation to wind problems in his lifetime.

Signature: Date:

Please give a full disclosure in relation to any injury suffered by the animal and treatments received for such injuries:

Signature:Date:

Please give details of any surgeries or operations the stallion has undergone and the reasons for such operations or procedures (failure to give full disclosure may result in reclassification or removal of the stallion from the Studbook):

Signature:Date:

VETERINARY EXAMINATION OF THE STALLION

I will submit the Pre-Inspection Veterinary Report including clinical examination, endoscopic examination, a set of x-rays and blood and swabbing test results for EVA, EIA and CEM as part of this application and at my own expense.

I will arrange for my stallion to undergo testing for Warmblood Fragile Foal Syndrome (WFFS) at my own expense and will submit the results to the inspection administration team.

I note that the stallion will (normally) undergo a full veterinary examination at the inspection centre on 10 April 2024 or 6 September 2024. The exceptions are stallions that have undergone the full veterinary examination by a HSI-designated practice in Ireland.

Signature.....Date.....

FURTHER DECLARATIONS TO BE COMPLETED BY THE OWNER OR AGENT

I hereby warrant, represent and agree as follows:

- 1. The foregoing particulars are true and accurate in every respect. In the event of any particulars becoming inaccurate updated revised particulars will be furnished immediately in writing to the IDHS (GB).
- 2. I am not aware of any matter or circumstance that might affect or be relevant to the inspection or classification of the above named stallion that I have not disclosed in writing to the IDHS (GB).
- 3. Any photographs or other proprietary materials that may be furnished by me with the application are solely owned by me (or where I apply as agent, by the owner(s)) and no third party consent or authority is required for the use thereof by the IDHS (GB) or Horse Sport Ireland (HSI).
- 4. The above named stallion is and will, when presented for inspection, be in a fit state to be handled (and in particular by IDHS (GB) appointed vets) and is or will be sufficiently trained.
- 5. I agree to indemnify the IDHS (GB) and HSI on demand in full against any loss, claim or damage arising in the event of any breach of the foregoing warranties or any of them.

I hereby confirm, agree and acknowledge as follows:

- 6. The IDHS (GB) is hereby irrevocably authorised to hold the inspection in public and to publish or make available for public inspection and in such a manner as it may deem fit, whether in IDHS (GB) publications, Irish Draught Horse Studbook/Horse Sport Ireland publications, websites or otherwise the classification, inspection results and the results of the veterinary examination of the above-named stallion and any other information furnished above or pursuant to this application, without being under any obligation to do so. This applies irrespective of the stallion’s classification.
- 7. I have read the Guidance Notes (available online at www.idhsgb.org.uk) and the “Conditions of Irish Draught Horse Stallion Inspections”, “Appeals Procedures”, “Classification of Irish Draught Horse Stallions Following Inspections” and “Conditions of Stallion Classifications” (all listed below) and the general rules of the IDHS (GB) and IHR incorporating the Irish Draught Horse Studbook. I agree to accept and abide by the rules and any amendments that may be made by the IDHS (GB) or HSI thereto from time to time.
- 8. I agree to be bound by the “Appeals Procedures” referred to above in the event of any dispute arising in relation to this application or any inspection or classification pursuant thereto.
- 9. I authorise the IDHS (GB) to procure a DNA profile for my horse (as identified above) for identification and administration purposes within the IDHS (GB) Studbook and the Irish Horse Register (IHR).
- 10. I understand that the IDHS (GB) will store the DNA profile within the reference database (that is Weatherby’s Scientific) on behalf of the Irish Draught Horse Studbook).
- 11. If requested, I will provide the IDHS (GB) with the required sample (blood or hair) from the horse in accordance with IDHS (GB) administration, stallion selection protocols and reference database systems.
- 12. I understand that the IDHS (GB) and HSI may use the DNA profile and/or sample for bona fide studbook administration and breed improvement purposes associated with the IHR studbooks.
- 13. In the event of the stallion being sold or otherwise disposed of to procure that the purchaser/acquirer is bound by the terms hereof insofar as any obligation herein is continuing or un-discharged.
- 14. In the case of multiple owners each of the above warranties, representations and agreements are deemed to be made by or on behalf of each owner on a joint and several basis.
- 15. I agree to my personal data being processed in line with the IDHS (GB) Privacy Policy.
- 16. UK General Data Protection Regulation: I consent to my name and the county where I live being sent to Horse Sport Ireland so that my horse’s inspection results can be recorded on their database.
- 17. I consent to my name being published in the IDHS (GB)’s publications and on the web site, alongside my horse’s results.
- 18. I consent to any photographs taken during the inspection being used in publicity material.
- 19. If my horse achieves Class 1, I consent to the IDHS (GB) publishing his linear profile, measurements and comments made by the inspection panel on the Society’s website. Publication of linear profiles for Class 2 stallions is optional.

CERTIFICATE OF OWNER AND AGENT

I/we, the undersigned, certify that I/we have full power and authority to execute and file this application and that each person or entity having ownership interest in this horse has full knowledge of and has authorised the filing of the document and is agreed to be obligated and bound thereby as if each person or entity had executed this application individually and directly. I/we further certify that I/we have full power and authority to receive any requested or related documents from Horse Sport Ireland and/or the IDHS (GB).

Owners: If you wish another person to receive information about your horse or about the inspection, you MUST nominate this person at the

application stage. The Society will not be able to pass on information about your horse to a third party without your written consent.

CONDITIONS OF IRISH DRAUGHT HORSE STALLION INSPECTIONS

1. Applications for inspection should be returned before the relevant closing dates (10 February 2024 for 10 April 2024 and 15 May 2024 for 6 September 2024) and must contain the following:
 - Completed and signed 'Application for Irish Draught Horse Studbook Stallion Inspections 2024' and accompanying documentation as necessary. Please note that an expression of interest form or email is not an application.
 - For animals where there is no evidence of DNA parentage testing, a certificate confirming that the stallion has had his DNA profile recorded at Weatherbys DNA Laboratory. For most British-bred stallions, this information will already be on our database and they will not need a new certificate.
 - The appropriate application fee of **£600 inc. VAT (£450 for re inspections)**. **Please pay online** through the website at www.idhsgb.org.uk.
 - £150 administration fee will be retained if the animal is withdrawn before the inspection date, for whatever reason.
 - 'IDHS (GB) / HSI Pre-Inspection Veterinary Screening Examination of Stallions' completed in full and signed and stamped by a qualified veterinary surgeon who treats equines as part of their normal practice;
 - A set of x-rays completed to the specification defined in the Pre-Selection Veterinary Screening form and taken by a veterinary surgeon who is either on the Horse Sport Ireland Stallion X-Ray Panel, or (in Great Britain only) a veterinary surgeon regularly treating equines in his or her normal work. These are to be emailed in JPEG format to the Inspection Administration team at inspections@idhsgb.org.uk on or before the closing date. Please do not send disks or zip files, as these cause technical problems for us.
 - A certificate confirming that the stallion has been tested for Equine Viral Arteritis (EVA),
 - A certificate confirming that the stallion has been tested for Equine Infectious Anaemia (EIA),
 - A certificate confirming that the stallion has been tested (this must be done after 1 January 2024) for Contagious Equine Metritis (CEM)
 - A certificate confirming that the stallion has been tested for Warmblood Fragile Foal Syndrome and is not a carrier.
2. Class 1 inspection: Irish Draught Horse stallions must be registered in the Main Section of the Irish Draught Horse Studbook in Ireland, Canada, the United States of America (referred to as 'the harmonised studbooks') or in the IDHS (GB) Breed Register and be sired by a stallion that is classified as Class 1, RID, or Class 2 and be out of a dam that is classified as Class 1, RID, Class 2, Grade-Up (or AID) in the Irish Draught Horse Studbook or any of the harmonised studbooks.
3. The progeny of Class 3 and Class 4 Irish Draught Horse stallions and the progeny of Class 3 or Class 4 Irish Draught Horse mares are not eligible for inspection.
4. **You are strongly advised** to ask the Inspection Management Team to check your stallion's eligibility for inspection before you spend any money on veterinary examinations. We are always happy to advise and answer any questions.
5. All colts and stallions must have been born before 1 January 2022; i.e. they must be at least three years of age.
6. All colts and stallions must be named. They must also be correctly transferred to the correct ownership before the application is submitted. Our IDHS (GB) Administration Office can carry out these updates if the horse is resident in Great Britain. Owners of Irish-bred horses have the option of sending their horse's passport to Ireland, and this is recommended for naming so that the new name can be recorded on their database. Application forms are available on our website at www.idhsgb.org.uk
7. Stallions must be accompanied by an up-to-date passport. Owners of stallions imported from Ireland on foal papers must obtain an adult passport from the IDHS (GB) if the horse is resident in Great Britain. Application forms are available on our website at www.idhsgb.org.uk

8. Stallion passports which are issued by a studbook authority other than the IDHS (GB) or Horse Sport Ireland must contain up-to-date markings and written descriptions corresponding to the stallion presented. All passports issued by other PIOs must be over-stamped (endorsed) by the IDHS (GB) prior to application. Application forms are available on our website at www.idhs.gb.org.uk
9. Stallions must be adequately trained and fit to take part in all aspects of the inspection including the lungeing phase of the vetting and the loose jumping phase of the inspection. Full details of the inspection are outlined in the Guidance Notes, available online.
10. Stallions must be fit to be handled at the inspection, including handling by veterinary surgeons appointed by the IDHS (GB). The IDHS (GB) reserves the right to terminate any inspection for health and/or safety reasons.
11. We do not discriminate against anyone on the grounds of disability or temporary incapacity. However, our event risk assessment states that stallion handlers must be physically fit and strong enough to handle the stallion safely in public. This is for the protection of the handler, the inspection officials and all the horses and people present at the inspection centre.
12. Stallion owners and handlers must have all the necessary equipment (i.e. tack, lunge whips, lunge lines, etc.) at the inspection. For any ridden elements of these inspections, riders must wear 'appropriate competition riding attire'. This includes protective headgear which complies with current British Showjumping or British Eventing standards. This is compulsory for riders, whether jumping under saddle or warming up. Protective headgear is strongly encouraged for those handling stallions on the ground.
13. All stallions will be measured at the inspection. These measurements shall be regarded as official measurements for the purpose of stallion classification. The measurements will be published after the inspection, along with the results.
14. Where the veterinary examination of a stallion is not completed to the satisfaction of the veterinary surgeons, it will be classified in the Irish Horse Register/IDHS GB database as a stallion which has not passed the veterinary examination. Stallions which have been classified under a previous application may be downgraded if the selection and veterinary examination procedures are not completed under the current application.
15. All stallions will be photographed at the inspection and these photographs may be used in IDHS (GB)/Irish Draught Horse/Horse Sport Ireland and any other harmonised studbook publications and websites. Stallions that are not photographed at the selection day may be deemed not to have completed the selection process. The IDHS GB reserves the right not to classify these stallions.
16. It is intended to publicly announce the provisional results of the stallion inspection and the veterinary examination on the day of inspection. The results are sent to Horse Sport Ireland. Confirmed results will subsequently be published in IDHS (GB) and HSI Irish Draught Horse/Horse Sport Ireland publications. Bar charts and reports for stallions will be sent to owners within four weeks of the inspection date.
17. Substances that are listed on the FEI 'Equine Prohibited Substances List' (see www.feicleansport.org) are prohibited during the stallion inspection process. Blood samples may be taken on the day of inspection and may be subject to screening for substances listed on the FEI 'Equine Prohibited Substances List' (see www.feicleansport.org). Blood and/or urine samples may also be stored and used for the purpose of research.
18. The IDHS GB reserves the right to terminate any inspection for health and/or safety reasons.

Failure to satisfy the above conditions will result in a stallion being disqualified from inspection/classification.

SECOND INSPECTIONS/APPEALS/VETERINARY APPEALS

Owners will be given the opportunity to re-present the stallion on one occasion for a second inspection at the next scheduled inspection date. The appropriate application form must be completed and returned, with the usual re-inspection application fee (£450 in 2024), to the IDHS (GB). Endoscope examination and vetting must be repeated, but x-rays can be carried forward from the first inspection.

Owners that do not wish to re-present the stallion for a second inspection and owners who are not satisfied with the results of the second inspection can make a formal appeal to the IDHS (GB) under the studbook rules. Appeals will be held at the next available inspection date, with an alternate inspection panel and will incur a fee to cover the full costs of staging an appeal. The current Appeal fee is £1500 inc. VAT.

If owners choose to appeal the result of the first inspection, they are subsequently not allowed to apply for a second scheduled inspection.

The result of the Stallion Inspection Appeal shall be final.

Veterinary examination appeals:

For animals which fail the clinical veterinary examination on the day of the inspection, there is provision for an appeal to be made. The conditions of the appeal procedure are as follows:

- The IDHS (GB) will notify, in writing, the owner of the stallion of the reason why the stallion failed the clinical veterinary examination within two weeks of the inspection.
- The owner of the stallion may, within 28 days of the notification, apply to the IDHS (GB) to have a clinical veterinary re-examination carried out by a clinical veterinary re-examination carried out by an equine specialist in the relevant field.
- The equine specialist to be consulted must be agreed with the IDHS (GB).
- The re-examination will only be carried out in respect of the condition for which the stallion was failed on the inspection day.
- The IDHS GB must be notified in advance of the date of the additional veterinary examination.
- The full cost of the re-examination must be borne by the owner of the stallion.
- The decision of the appointed specialist shall be final.

Appeal of Veterinary Examination Result:

Applicants whose stallions do not meet the veterinary requirements at the Stallion Classification Veterinary Examination carried out at the Stallion Inspections at the inspection centre can appeal the results of the examination, provided that they apply to the IDHS (GB) to have a clinical veterinary re-examination carried out by an equine specialist in the relevant field. The equine specialist to be consulted must be agreed with the IDHS (GB).

The owner is responsible for all of the costs associated with this examination.

The second examination should normally be carried out within 28 days of the original examination results being communicated to the owner.

The re-examination will only be carried out in respect of the condition for which the stallion was failed at the initial selection.

The decision of the Appeals Panel shall be final.

Appeal of X-Rays Examination Result:

Owners of stallions that do not meet the radiograph requirements, following the examination of radiographs by the IDHS (GB) radiography veterinary panel, may appeal the findings of the examination. The conditions of the appeal are as follows:

- The owner of the stallion must apply to the Inspection Management Team at inspections@idhsqb.org.uk to appeal the findings of the radiographic examination, within 28 days of the date of the inspection outcome letter;
- The appeal will involve the examination of the original radiographs by the Appeals Panel in the School of Agriculture, Food Science and Veterinary Medicine, University College Dublin Veterinary Hospital. If deemed necessary by the Appeals Panel, a new set of radiographs may be taken at a veterinary practice agreed with Horse Sport Ireland and the IDHS (GB) Veterinary Advisor;
- The full costs of the re-examination must be borne by the owner of the stallion;
- The decision of the Appeals Panel shall be final.

CONDITIONS OF STALLION CLASSIFICATION

1. The IDHS (GB) is authorised to procure a DNA profile for my horse (as identified above) for identification and administration purposes within the Breed Register and the Irish Horse Register (IHR). I understand that the Society will store the DNA profile within the reference database (Weatherbys Scientific in Ireland) on behalf of the Irish Draught Horse Studbook. I will provide the Society with the required sample (blood or hair) from the horse in accordance with IDHS (GB) administration, stallion selection protocols and reference database systems. I understand that the IDHS (GB) or HSI may use the DNA profile and/or sample for bona fide studbook administration and breed improvement purposes associated with the IHR studbooks.
2. The Society Administration Office will supply covering certificates on request and on payment of £4 per certificate, to stallion owners/custodians each year. You can order certificates online. They must not be ordered by mare owners. Contact passports@idhsqb.org.uk for further information.
3. Stallion owners/custodians are obliged to:
 - Maintain up-to-date and complete covering records;
 - Submit the certificates provided for all mares covered by the stallion by 1st October in the year of covering;
 - Submit copies of the certificates to the IDHS (GB) on demand.
4. The stallion owner must permit the IDHS (GB) to take blood samples on request. Horse Sport Ireland may change the rules from time to time with regard to the testing of various conditions and diseases.

5. Stallion owners/custodians must notify the IDHS (GB) of the death of the stallion by returning the passport to the Passport Administration Office for invalidation, as required by legislation. The passport can be returned to the owner on request.
6. Stallion owners/custodians should inform the IDHS (GB) if the health or general condition of the stallion deteriorates to the extent that the stallion is unfit or unsuitable for breeding.
7. Failure to satisfy the above conditions may result in a stallion's classification in the IDHS (GB) Breed Register/Irish Draught Horse Studbook being revoked.

CLASSIFICATION IN THE IDHS (GB) AND IRISH DRAUGHT HORSE STUDBOOK FOLLOWING INSPECTION

CLASS 1

This class is for inspected horses that meet the pedigree, veterinary and breed standard requirements of the Irish Draught Horse Society (GB) Breed Register and hence, the Irish Draught Horse Main Studbook.

CLASS 2

This class is for inspected horses that meet the pedigree and veterinary requirements of the IDHS (GB) Breed Register/Irish Draught Horse Main Studbook, but which have not met the inspection criteria for Class 1.

CLASS 3

This class is for horses that fail their inspection day or pre-inspection veterinary examinations and are not recommended for breeding.

CLASS 4/ UNINSPECTED

For all foals at registration and other uninspected purebred stock of any age. Their classification changes to Class 1, 2 or 3 following vetting and inspection.

Class 4/Uninspected animals over the age of three years may not be shown in hand at IDHS (GB) affiliated shows. In Great Britain, the progeny of Class 3 and Class 4 animals may not be shown in hand at our affiliated shows.

HOW TO APPLY:

By 10 February 2024 for the 10 April inspection and 15 May 2024 for the 6 September inspection, owners must submit:

- This application form and any performance data for your stallion
- The full inspection fee (please see table below)
- The pre-inspection veterinary report form, signed and stamped on every page by your vet
- X-rays (taken from 1 January 2024 for 3 year olds) as specified in the pre-inspection veterinary report, submitted by your vet, in JPEG format please. Horses coming forward for re-inspection that have submitted acceptable radiographs to the Society (or in Ireland) in a previous year do not need to be x-rayed again.
- Clean health certificates for CEM, EIA and EVA.
- Confirmation that your horse has been tested for, and is not a carrier of, the condition Warmblood Fragile Foal Syndrome (WFFS)

Please make sure that your stallion's vaccinations are up to date and recorded in his passport, which you must bring with you on the day.

If a veterinary problem is identified during our panel's examination of the x-rays, and this is serious enough to prevent your horse from coming forward, £450 of your inspection fee (i.e. the fee minus £150 for reading the x-rays) will be refunded to you.

Due to the significant professional and administrative tasks associated with the inspections, stallion applications received after the closing date cannot be accepted. Please do not send in incomplete applications.

If you have any questions, please contact inspections@idhsgb.org.uk

**WHERE TO SEND THIS APPLICATION (NO PASSPORTS PLEASE) : Inspection Management Team,
c/o Middle Munty Farm, Churchstanton, Taunton, Somerset, TA3 7RH. Tel. 01823 601625. Email: inspections@idhsgb.org.uk**

INSPECTION FEES FOR 2024

Inspection fees – rates include VAT @ 20%

Description	New fee	Notes
Irish Draught colts and stallions – assessment for Class 1	£600	The fee includes inspection, vetting on the day and evaluation of x-rays, plus updating the passport with

		the outcome. It does not include the pre-inspection veterinary examination, x-rays, WFFS genetic test or CEM, EVA and EIA tests.
Re-assessment of Class 2 stallions (New X-rays not required)	£450	The fee includes inspection, vetting on the day and updating the passport with the outcome. It does not include the pre-inspection veterinary examination, endoscope, WFFS genetic test (if not previously done) or CEM, EVA and EIA tests.
Irish Draught Sport Horse stallions – assessment to be an Irish Draught Sport Horse stallion	£450	The fee includes inspection and trot-up veterinary assessment on the day, plus updating the passport with the outcome. It does not include the five-stage veterinary examination prior to the inspection, WFFS genetic test or CEM, EVA and EIA tests.
Non-refundable fee to be retained by the Society if the stallion fails his x-rays or withdraws on other grounds	£150	This is the cost to the Society of having the x-rays read, or for administration costs if a stallion withdraws from inspection once his application has been processed.
Stallion Inspection Appeal (usually after a re-inspection has taken place)	£1500	Please see the Appeals procedure for details. It is cheaper to bring the stallion forward at the next inspection date for a re-inspection.

Please allow plenty of time to make changes to your stallion's passport and renew your membership!

Please make sure that before you submit your application for inspection, the stallion has been named on his passport, that the passport is in your ownership, and if the passport was issued by Horse Sport Ireland, that it has been over-stamped by the IDHS (GB).

Most passport changes to HSI passports for horses resident in Great Britain are now done in this country, so there is no need to send your passport to Ireland, but you can still do so if you wish.

Please also make sure that your **membership** is up to date. If not, please see our website for membership information and online payment.

Please direct registration enquiries and send IDHS (GB) passports, membership and registration applications, transfers and over-stamps for GB-resident horses to:

Irish Draught passports, Holme House, Dale, Ainstable, Carlisle CA4 9RH

Tel. 01768 870 523. Email address: passports@idhsgb.org.uk

[General enquiries: admin@idhsgb.org.uk](mailto:admin@idhsgb.org.uk)

Office hours are Monday-Friday 09.00 – 17.00 hrs.

Please don't post your inspection application form to the passport office. This is for passports and membership matters only.

INSPECTION APPLICATIONS - PLEASE POST TO:

Inspection management team, c/o:

Middle Munty Farm, Churchstanton, Taunton, Somerset TA3 7RH.

Tel. 01823 601625 (08.00 to 16.00 hrs). Email: inspections@idhsgb.org.uk

You can email the form to us, but please scan it and do not photograph it because photographs are often difficult to read. Thank you.

PLEASE DO NOT POST APPLICATIONS BY SPECIAL DELIVERY OR TO BE 'SIGNED FOR'. Just keep a copy of all your documents and if the original should get lost, you will still have the copy. Thank you for your cooperation.
